This document is Critical Energy Infrastructure Information (CEII).
The public may file a CEII request with FERC under 18 C.F.R. 388.113.

Draft Exhibit F for the Cascade Creek Project contains drawings of proposed Project works that meet the definition of Critical Energy Infrastructure Information (CEII) pursuant to FERC's June 23, 2003 Order No. 630-A. As a result of security regulations enacted after September 11, 2001, project documents related to the design and safety of dams and appurtenant facilities, and documents that are necessary to protect national security and public safety ("Critical Energy Infrastructure Information" or "CEII"), are restricted from public distribution or viewing.
